

About the Centre

The Bioinformatics Centre of Pondicherry University was established by Department of Biotechnology, Government of India, New Delhi as Sub-Distributed Information Centre in the year 1991-92 which was later upgraded to DIC in the year 2004. The Centre is housed in the Science block II of the Pondicherry University. The Centre caters to the needs of a large number of scientists working in various areas of life sciences. The Centre has been offering one year Advanced Post Graduate Diploma course in Bioinformatics since 2001. The Centre is having access to 4 Mbps internet services through Software Technology Parks of India, Pondicherry.

About the Seminar

The 3-day seminar will focus on current topics in bioinformatics. Experts in various areas will deliver lectures and conduct demo-sessions. The seminar will be very useful to the faculty and students interested in Bioinformatics. The focal themes of the seminar include but are not limited to:

Molecular Sequence Analysis, Recognition of Genes and Regulatory Elements, Computing Molecular Evolution, Gene Expression & Molecular Networks, Functional Linkage Analysis, Computational Proteomics, Structure based functional analysis, Molecular Dynamics Simulation, Combinatorial Libraries and Drug Design.

Who can apply?

Scientists, teachers and research students working in various areas of Life Sciences who intend to apply Bioinformatics and Functional Genomics approaches in their research or wish to contribute to the developments of this field itself.

Registration Fee

1. Student - Rs. 1000/-
2. Staff - Rs. 1500/-
3. Industry - Rs. 2500/-

Selected candidates on intimation of selection should send the Demand Draft in favour of

The Co-ordinator, Bioinformatics Seminar, Pondicherry University, Pondicherry so as to reach us before January 31, 2006.

The registration fee includes Seminar material and working lunch on all the days of the seminar. Limited number of accommodation for the participants on payment basis may be arranged on advance request.

How to apply

Applicants are requested to send the duly filled registration form and a brief outline of how this seminar will be useful to your research work to the address given at the back of the flyer. For faster, easier registration with immediate confirmation, please register online at **www.pondiuni.org**

*** All intimations will be sent by email ***

National Seminar on Bioinformatics and Functional Genomics

February 15-17, 2006

Registration Form

Name :
Date of Birth and Sex :
Designation :
Department/Institution :
Address for communication :

Phone :
Fax :
E-Mail :
Mobile :

Educational Qualifications :

Accommodation required : Yes/No
If yes, specify amount range : 50-100
(Rupees per day) 150-300
 350-500

Whether the applicant has :
attended such courses on
nanotechnology

Signature of the candidate :

Signature of the sponsoring :
authority if required

*Enclose write-up as to how the Seminar will benefit the applicant

Important dates

Release of advertisement on web	December 20, 2005
Registration begins	December 20, 2005
Registration Closes	January 23, 2006
Announcement of selected participants	January 25, 2006
Last Date for receiving Demand Draft	January 31, 2006

Venue

**Seminar Hall
Science Block II
Pondicherry University**

Mailing address

**Prof. P. P. Mathur
Coordinator
Bioinformatics Centre
School of Life Sciences
Pondicherry University
Pondicherry – 605 014**

Web Server : <http://203.193.135.94/>
